## IN SESSION TO CONSIDER OREGON FAIR

(By Associated Press)  
SALEM, Ore., Dec. 19.—Oregon's legislature convenes in special session today, on call of Governor Ben W. Olcott, to consider the matter of proposing a state tax of \$3,000,000 spread over three years to help finance the proposed Atlantic-Pacific Highway and Electric Exposition at Portland in 1925. If the legislature endorses the proposed tax it will be submitted to the people at the primaries next May.

Governor Olcott included in his call for the special session a suggestion that further regulation of motor buses and motor trucks on the state highways also be considered. The governor appointed a special committee of representative citizens to hold hearings and recommend bills to amend existing statutes concerning buses and the size of loads carried by motor trucks on highways, based on the consensus of opinion developed as a result of the committee's investigations. The object of this move was to have a measure prepared and to eliminate delay in the consideration of the matter at the special session.

The proposed state tax of \$3,000,000 is to be adopted in addition to the \$2,000,000 tax which Portland voters have endorsed at a special election. To complete the \$6,000,000, which the committee in charge of the fair propose spending, \$1,000,000 will be raised by public subscription.

## LEGION WILL AID DISABLED ON CHRISTMAS

(By Associated Press)  
INDIANAPOLIS, Ind., Dec. 19.—Disabled veterans and their dependents in every community in the United States will be cared for Christmas day by American Legion members, according to plans announced today by national headquarters of the ex-service men's organization.

Visits to the homes of sick and wounded exservice men and to their families will be made by the Legionnaires and special committees will take care of the men still in hospitals. Entertainments and presents will be provided for the incapacitated veterans.

In connection with the Christmas visits, Legion investigators will obtain information in regard to striking cases of neglect of the disabled and their families, following which action the members of the local posts will take up the claims of these men with the government and will assist their families in getting proper care.

## BARLEY MAKES BEEF PROFITS SATISFACTORY

MADISON, Wis., Dec. 19.—What happens to the barley the brewers used to buy?

An investigation made here by the Wisconsin Agriculturist shows that there has been practically no reduction in the acreage of barley planted since prohibition was adopted. The crop in the United States this year was shown to be 167,000,000 bushels, compared with 171,000,000 bushels the year before and a five year average of 208,000,000, the reduction not being due to any cutting down of acreage but to an anticipated crop failure.

An experiment conducted by J. G. Fuller, beef cattle expert of the Wisconsin College of Agriculture on twenty head of Chicago steers returns a verdict for barley over corn. The steers were divided into two lots and fed an identical ration except that in the case of ten of them crushed barley was substituted for cracked corn. With the disposing of the steers in the fall, it was found that those fed on barley had gained their flesh at a cost of \$24.01 per hundred pounds and those fed on corn \$27.44 cents per hundred.

## UNEMPLOYMENT NOT BOTHERING THE FRENCH

(By Associated Press)  
PARIS, Dec. 19.—There are only 16,400 persons officially recorded as out of employment in France. The nation is now in a position to receive foreign labor. Wages, however, are low in comparison to scales existing in greater industrial countries.

The situation is regarded as unusually good in view of widespread unemployment in Great Britain and other countries. Latest figures received by the French government show that there are 1,423,000 persons out of work in the United Kingdom. So fortunate is the situation in France that it is now estimated that the country can employ 1,600,000 foreign workmen compared with 600,000 before the war. The greater portion of these would be sent to the farms and the remainder used in the building of trades, mines and other industries.

### NEW DINING CARS

The latest equipment added by the Southern Pacific company in its passenger service is three new steel dining cars built at the company's Sacramento shops. The new diners are eighty feet in length with a dining room seating capacity of thirty-six passengers and are built to carry 12,000 pounds of commissary equipment and supplies.

## PLANS MADE FOR BIG ROSE TOURNAMENT

(By Associated Press)  
PASADENA, Dec. 19.—People of Pasadena are preparing for their thirty-fourth annual Tournament of Roses which will be held New Year's Day, January 1, 1922.

Approximately 200,000 people, it is believed, will witness the rose pageant, one of the big features of the tournament. Nearly 100 floats, each bearing an individual theme worked out in natural blossoms, will be in the pageant.

Each year the pageant leads to Tournament Rock, where the annual football game between representative eastern and western football teams is held. This year the University of California will play Washington and Jefferson university.

## BIG SUM OFFERED FOR TOBACCO RIGHTS

CHITA, Japan, Dec. 19.—The Chosen Tobacco, a Japanese corporation, has offered to guarantee the Far Eastern Siberian Republic an annual income of 50,000,000 gold rubles in payment for a tobacco monopoly, a concession to build tobacco factories in Siberia and the privilege of establishing tobacco farms in the Amur region.

# Burglars Don't Seek the Light!

Darkness is their stock in trade. They work by stealth—unheard and unseen—their movements cloaked in secrecy. It's honest folks that see the light. They are the only ones who can risk it.

It's the same way in business. The merchant who is not sure of his goods does not dare to advertise. Advertising would hasten the end of his business career—put him to a test he could not meet.

The merchant who advertises, deliberately invites your inspection. He tells you about his product and then lets it stand on its own merits. You can depend on him. He knows his product is good.

That's one reason why it pays you to read the advertisements in THE BONANZA. It is through advertising that you are able to keep in touch with the good things that progressive business houses are spending their money to introduce and keep before you.

Advertisements are interesting, instructive and profitable. They throw a powerful light on the very things that concern you most. READ THEM!
